- Danish(Intermediate)
- Russian(Intermediate)

ABOUT ME

I am an enthusiastic software developer with experience in both back-end and front-end development. My technical skills span several programming languages, including Go, SQL, React, JavaScript, HTML, and CSS, and I am always seeking to expand my knowledge.

I enjoy collaborating with cross-disciplinary teams to create and launch innovative web applications and optimize various software solutions. My primary focus is always on delivering high-quality products that meet technical requirements while also providing meaningful user experiences.

WORK EXPERIENCE

- Pistachio | Oslo, Norway Mar 2023- Present
